Who and what BTN ought to be about. I think that what we are doing is different from what we have been doing. Every non-profit has a product offering. Look at the product offerings and see if this is what we want to do.

JT Could you walk us through the document

Over the years BTN has had TIGs, interest groups and teachers write responses to social justice issues. A nonprofit org needs to do a self check in to see if we are seeing the pulse of the community. Lacking in Baltimore is a parent teacher organization that hold the district accountable. There is no group that holds the district accountable for teachers and parents. PTA's don't have the power to impact the district. We want to develop a City Wide organization to hold the district accountable.

Should we be committed to organizing parents and teachers?

Matt- Parent organizing is an awesome job however is that the mission of BTN. We need to focus on the teacher organizing. Focus on serving the teachers and students within the schools that we serve. Baltimore means the city. How are we effecting the city of Baltimore to organize parents and teachers?
